LUFTHANSA GROUP CHOOSES WFS FOR RAMP HANDLING IN NEWARK

Worldwide Flight Services (WFS) has won a three-year contract to provide ramp handling for Lufthansa Group's flights at Newark Liberty International Airport.

Under the terms of the agreement, the start of each airline's summer schedules sees the WFS team in Newark responsible for handling Lufthansa's three flights a day serving Frankfurt, Dusseldorf and Munich as well as Austrian Airlines' and SWISS International Airlines' daily services.

The new contract with Lufthansa Group is the latest in a series of new ground handling customers for WFS in Newark. In the opening three months of 2018, WFS was also awarded passenger services contracts by EL AL and WOW air, covering ticketing, customer services, wheelchair services and cabin cleaning. WFS also won an 'above and below the wing' services contract from Primera Air.

Tricia Casalinho, Senior Vice President Ground Handling at WFS in North America, said: "Growing WFS' ground handling business globally is one of the

company's top priorities. Here in Newark, these new contract successes show that our local team are clearly demonstrating how much major airline customers appreciate the services we deliver, which are based on a combination of value and quality, and are underpinned by our

worldwide commitment to providing the highest standards of safety and security."
