WFS GENERAL TERMS AND CONDITIONS OF SALE

Article 1 - PURPOSE AND SCOPE

The purpose of the present General Terms and Conditions (T&C) is to govern the contractual relations between a Client and the Handling company (WFS), with regards to any undertaking or transaction pertaining but not limited to ramp services, cargo and mail services, support services and any other logistic services provided by WFS. These T&C may be updated from time to time and may be found at <https://www.wfs.aero/>. These T&C prevail over any other general or special term and conditions issued by the Client, but if Special T&C are agreed with the Client to the extent that they are inconsistent with these T&C, they will have precedence over these General T&C.

Article 2 - PERFORMANCE OF THE SERVICES

The Client shall issue all necessary instructions to WFS for the performance of ramp services, cargo and mail services, support services, and any other logistic services. Unless otherwise agreed between the parties, WFS is not required to verify documents (commercial invoice, packing note, etc.) provided by the Client. Any delivery-specific instruction (payment on delivery, declaration of value or insurance, special interest in delivery, etc.) shall be made in writing in a duplicated order for each service and shall be expressly approved by WFS.

Article 3 - OBLIGATIONS OF THE CLIENT

Declaratory Obligations: The Client shall be solely liable for all the consequences resulting from any failure to provide the information and completed declaration required by custom's regulation regarding the specific nature and the specificity of the goods where the latter require specific provisions, including their value as well as their dangerousness or fragility. The Client shall be solely liable, with no right of redress against WFS, for any consequences resulting from erroneous, incomplete, unenforceable or delayed declarations or documents, including but not limited to the information needed for the provision of any declaration required by customs regulations, notably for the transportation of goods shipped from third countries.

Customs formalities: The Client shall hold the WFS customs representative harmless against any financial consequences arising from erroneous instructions, unenforceable documents, etc., generally leading to the payment of additional duties and / or taxes, freezing or seizure of the goods, and fines etc., to/by the relevant public authority. If the goods are customs cleared under a preferential status that was entered into or granted by the European Union or any other countries custom's authority, the Client guarantees that it has taken all the steps necessary pursuant to customs regulations, to ensure that all conditions for the preferential status process have been fulfilled. WFS shall not be liable for the failure of any goods to comply with the quality or technical standardisation rules.

Article 4 - LIABILITY AND INSURANCE

For any evidenced prejudice attributed to WFS, the latter shall only be liable for damages foreseeable at the time the contract was signed, and which are an immediate and direct result of a breach of agreed services. In no event shall WFS be liable to the Client for any loss of profit, loss of use, loss of goodwill, loss of reputation, loss of revenue, loss of anticipated savings, loss of business, loss of contract, or for any incidental, special, indirect or consequential loss or damage, or punitive, exemplary or non-compensatory damages, incurred or sustained by the Client arising out of or in connection with WFS's performance of the services. Damages are strictly limited to the amounts set forth hereunder.

The liability of WFS is limited to that incurred by the substituted parties in the framework of the operation entrusted to WFS.

Unless the Parties agreed otherwise, where WFS's personal liability is incurred, for any reason and in any capacity, it shall be strictly limited for damages to goods attributable to losses and damages during the operation, and any consequences resulting thereof, to €20 per kilogram of gross weight of missing or damaged goods, without exceeding, regardless of the weight, volume, sizes, nature or value of the respective goods, an amount of €750 per disputed package or unit load with a maximum amount of €60,000 per event.

Should WFS's personal liability be incurred for any other damages, the compensation owed by WFS shall be strictly limited to the price of goods transportation (exclusive of duties, taxes and miscellaneous costs) or to that of the service leading to the damages as provided under the contract. Such compensation shall not exceed that which is owed in the event of goods damages or losses. WFS is insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are prudent and customary in the businesses in which WFS operates and is engaged.

Article 5 - PAYMENT TERMS

Services shall be payable by direct debit, bank transfer or credit card on receipt of the invoice, and in all instances, within 30 days from the date of the invoice. Any dispute relating to an invoice shall be raised, in total or in part, within 10 calendar days of its receipt.

If only part of the invoice is disputed, the non-disputed part shall be paid as per the terms herein.

No discount shall be granted for any early payment issued before the due date appearing on the invoice. Unilateral offsetting of the amount of alleged damages over the price of services is prohibited.

For any late payment, the defaulting party shall owe late payment fees at the legal interest rate defined by the European Central Bank plus 8 points of percentage, as well as a fixed recovery costs indemnity of 40 (forty) Euro as defined in the Law regarding Arrears of Payment of 2021 August 14*.

Both the late payment fees and indemnity are due as of right, without a notice being necessary, without prejudice to any possible remedy, for any other damages arising directly from such delay in payment, including WFS's conventional right of retention, enforceable against all parties, and a conventional contractual possessory lien over all goods, values and documents in WFS's possession, in order to guarantee any debt.

Article 6 - COMPLIANCE WITH LAWS AND DATA PROTECTION

In the course of performing its obligations hereunder, each party shall and shall ensure that its personnel, affiliated entities and third parties engaged by such party in respect of activities under this T&C ("Representatives"), comply with all national or international laws and regulations applicable to the provision of services hereunder ("Applicable Laws") including Applicable Laws regarding sanctions, export controls, anti-trust, fair competition, anti-money laundering, anti-bribery, and anti-corruption. In the event that WFS forms a reasonable, good faith belief (i) that Client or one of its Representatives has engaged in conduct in violation of this T&C, Applicable Laws or Trade Laws in connection with any services or transactions hereunder, has become a Restricted Person or is acting on behalf of a Restricted Person or a country sanctioned under Trade Laws, or (ii) that the provision of services hereunder could be for the benefit of a Restricted Aircraft, or (iii) that the provision of services hereunder could put WFS in breach of Applicable Laws or its internal policies regarding compliance with Trade Laws, WFS reserves the right to suspend the services or terminate the contractual relationship between the parties. Upon doing so, no further compensation shall be owed by the WFS to the Client for or in connection with any past, pending or future transaction or for any other reason under this T&C.

To the extent any personal data is being processed by the parties, each party certifies and warrants that it complies with all obligations imposed on it by the applicable personal data protection laws including (a) European Union or Member State laws with respect to any personal data in respect of which it is subject to EU Data Protection Laws; and (b) any other applicable law with respect to any personal data in respect of which it is subject to any other data protection laws. Each party certifies that it will be able to prove such compliance at the other party's request. Each party undertakes to: (i) strictly process personal data for the purposes necessary in the provisions of the services and, more generally, if it is acting as the data processor, to act only pursuant to the other party's written instructions; (ii) ensure the protection of the personal data and of the related processing in compliance with the applicable regulation; (iii) ensure an appropriate level of security considering the risks of the processing and the nature of the data concerned by implementing appropriate technical and organizational measures; (iv) cooperate in order to comply with a request for the exercise of the rights guaranteed by applicable data protection law; (v) report promptly and in written any incidents relating to the processing and security of personal data processed on behalf of the other party; (vi) provide all necessary cooperation in order to minimize the consequences of such incidents with regard to the persons concerned, and to allow the other party to fulfil all its legal obligations; (vii) allow the other party to carry out security audits when the latter considers it necessary, (viii) must not appoint a sub-processor without the prior written consent of the other party (ix) not transfer the personal data processed outside of the European Union without the implementation of an alternative mechanism of personal data protection, (x) promptly delete or return the personal data upon request of the other party or at the end of the retention period, in accordance with the applicable regulation.

Article 7 – JURISDICTION AND GOVERNING LAW

Any dispute or claim that may arise between the Parties will be exclusively governed by the laws of the country where WFS's services are provided.
