

## PARTNER PROFILE

## BANGKOK FLIGHT SERVICES, THAILAND

**Bangkok Flight Services (BFS) is a joint venture between Worldwide Flight Services (WFS) and Bangkok Airways, the second largest regional scheduled carrier in Thailand, and was established in 2004.**

BFS offers full passenger, ramp and cargo handling services at Bangkok Suvarnabhumi Airport for all types of aircraft from private charters to full service mainline carriers, including A380 operators. It combines the management and operational experience of a world leader in the ground handling industry with the warmth and graciousness of one of

Thailand's recognised experts in aviation and tourism.

The company's 4,000 employees handle 52,000 flights annually on behalf of 160 airline customers, and achieve 99% on-time performance for ramp and passenger handling services. BFS' 55,370m<sup>2</sup> cargo terminal has a 550,000 tonnes annual throughput capacity

and its cargo handling performance is measured at 99%.

Having achieved a 13% compound annual growth rate from 2007-2013, BFS is forecast to grow its business by a further 5-7% in 2015.
