

PARTNER PROFILE

HONG KONG CRUISE TERMINAL

A consortium led by WFS and including Royal Caribbean Cruises and a subsidiary of Shun Tak Holdings was awarded a 10-year tenancy agreement for the new HK\$8.156 billion (US\$1.046 billion) cruise terminal at Kai Tak by the Tourism Commission of the Hong Kong Special Administrative Region.

Royal Caribbean Cruises Ltd. is the second largest cruise company in the world, and Shun Tak Holdings is a local diversified conglomerate providing travel-related services.

Located on the site of the old Kai Tak Airport, the new cruise terminal, which

opened in 2013, is designed to welcome over 3,000 passengers an hour. As well as ensuring the friendliest and most efficient welcome to Hong Kong, the management and operations contract was awarded to the WFS consortium to help grow the tourism trade in Hong Kong by marketing a world class state-

of-the-art facility and customer service experience to cruise lines around the world when they consider ship deployments.
