

Cargo ground handling and storage for local, regional and international airlines at OR Tambo International Airport in Johannesburg, and Cape Town International Airport. Worldwide Flight Services is fully committed in providing services that meet customer and other applicable statutory and regulatory requirements. We aim to enhance customer satisfaction through the effective application of the system, including processes for improvement of the system and the assurance of conformity to the customer and applicable statutory and regulatory requirements.

Worldwide Flight Services will communicate this policy on a regular basis to all employees, with the intent that employees are made aware of their individual quality duties. This policy is available for all interested and relevant parties, as appropriate, and is maintained. The achievement of the above criteria depends on management's commitment and involvement in the Quality Policy, as well as employee contribution. This Quality Policy Statement is supported by our documented objectives and goals found in the annually revised Objectives and Goals Form.

I, the undersigned, as General Manager of Worldwide Flight Services, state that compliance to the relevant standards is ensured and maintained through implementation of this Quality Policy Statement. Furthermore, I take accountability for the effectiveness of the Quality Management System.
